

CURRICULUM VITAE

Joe Bradley
Part II Architectural Assistant
joebradley.architecture@gmail.com
07879994097

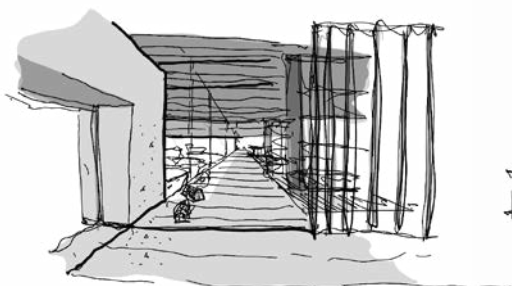

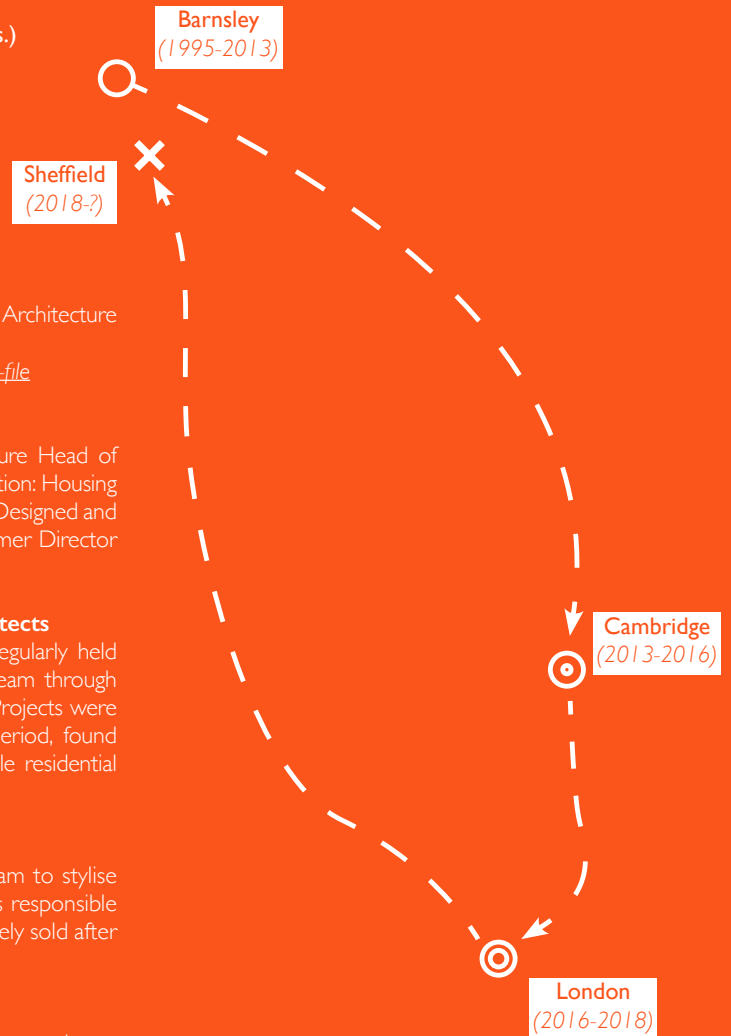

EDUCATION

- 2018-2020 University of Sheffield (MArch)
awaiting grade
- 2013-2016 Christ's College, University of Cambridge (BA Hons.)
Upper Second Class Honours (2:1)
- 2011-2013 Thomas Rotherham College (A-Level)
Fine Art, Maths, Physics, Product Design
- 2006-2011 Kirk Balk Community College (GCSE)
Highest achiever

EXPERIENCE

- Jun '20 - Jul '20 Catalogue Editor & Exhibition Curator at SSoA
Jun '19 - Jul '19 Designed and procured the Sheffield School of Architecture Catalogue and corresponding Exhibitions.
<https://issuu.com/ssoa/docs/ssoa-2019-catalogue-reduced-file>
- Jun '19 - Jul '20 Architectural Illustrator & Web Designer, *Freelance*
Worked under former Sheffield School of Architecture Head of School, Fionn Stevenson, to illustrate her 2019 publication: Housing Fit For Purpose: Performance, Feedback and Learning. Designed and curated the Studio Learning Culture website with former Director of MArch at SSoA, Leo Care.
- Sep '16 - Aug '18 Architectural Assistant at Buchanan Hartley Architects
Practice lead and client liaison on many projects, I regularly held meetings with clients and members of the project team through early and planning stages - assisted by a small team. Projects were a mix of commercial and residential. During this period, found myself to enjoy the challenges that arise in sustainable residential development in Central London.
- Oct '15 - Jun '16 Design Team Member at Christ's College May Ball
Working with a six-figure budget, I was part of a team to stylise the College, centered on a theme of Biophilia. I was responsible for the bar pavillion build and design, which was privately sold after the Ball.
- Aug '15 - Sep '15 Architectural Assistant at BDP Sheffield
Working on a variety of scales, I learnt a lot from this experience, proving myself to be a valuable asset on several projects; including primary schools and housing masterplans. I also met on a one to one basis with clients and contractors in order to discuss design issues, alongside taking part in full design team meetings.
